| Informations relatives à la mission | |

| | |
|---|---|
| Dates de départ | Continuous during the year |
| Durée du séjour (min/max) | 2 weeks, no max but the longer the better. The longest session we have had was one year |
| Heures de volontariat hebdo | 40 |
| Sorties/visites/activités à disposition | Visits to back country and beaches, trekking |
| Formalité d'inscription | By email, see below |
| Personne de contact | Ms. Viviana Granobles, NGO Head vivianagranobles@gmail.com Mr. Ibrahim Bangura, hospital director, ibrahimbangura258@yahoo.com |
| Informations pratiques | |
| Vaccins indispensables | Yellow feber, malaria, tetanus, typhoid |
| Autres recommandations | Assurance rapatriement |
| Type de logement et estimation coût/hebdo | In guest house on the hospital compound. In single bed double rooms, there are five rooms. Single occupancy depends on number of volunteers at the same time and length of stay in guest house Bed & breakfast USD 25.00 per day |
| Nourriture et estimation coût/hebdo | Provided at the hospital. Lunch & dinner USD 15.00 per day. Possibility to eat outside for dinner at own cost |
| Autres accommodations | Laundry free but a small tip is always welcome |
| Autres remarques | |
| Lack of funds to provide medicine for the patients makes flow of patients vary. If surgeons can bring sutures and other consumables needed for surgeries from excess stock in their own hospitals this is more than welcome. Existing staff is very friendly and volunteers always leave with a positive experience. Many continue to stay in touch. | |
